

TLIF0006 Administer a Fatigue Risk Management System

► Qualified

Master the minimum operational National Standards for competencies

► Compliant

Know your individual and employer obligations and liabilities

► Safe

Trained staff are safer operators, more efficient and cost effective.

Applied for Business

Informed Training

Consultation means training that is delivered to meet your company's unique requirements. ATS can deliver a mix of face-to-face, online, blended and practical applications to fit in with how your business works.

Assessing your specific needs, we can arrange training suitable to your operations. Through collaboration, we can also create bespoke training with our in-house writers and developers.

Applied for Work

Industry Expertise

Compliance assurance is important in ensuring that your employees are qualified to apply regulatory requirements and industry best practices.

Our instructors are industry professionals with current, real-world experience in Transport & Logistics Training.

Applied for Skills

Real Results

Training incorporates National Heavy Vehicle guidelines and industry best practices. Your training outcomes should be realistic and measurable.

We don't stop there. ATS defines what must be achieved and monitors how well these outcomes have been delivered.

Applied Approach

Program Features

- Blended learning, assessment activities in the workplace, supported by relevant stakeholders
- A delivery model based on project/event management principles to keep student progression on track.
- Multiple exit and entry points to support a flexible format of delivery for student and employer.

Student Benefits

- Learning milestones are clear, flexible, and highly organised to support the student experience
- Assessment deliverables are built throughout the program to support confidence and commitment levels of each candidate.
- Students, employers and relevant stakeholders are provided with an annual calendar to organise attendance and workplace support for each program activity.

Parent Qualification

TLI31222 Certificate III in Driving Operations

This is a qualification for those engaged in driving operation job roles within the transport and logistics industry.

It involves a defined range of skilled operations, usually within a range of broader related activities involving known routines, methods and procedures, with some discretion and judgement in selecting equipment, services or contingency measures and within known time constraints.

Program Details

Unit Descriptor

This unit of competency involves the skills and knowledge required for road transport schedulers or supervisors/managers to administer a fatigue risk management system within the Transport and Logistics industry.

It includes identifying and managing risks associated with fatigue during heavy vehicle driving, operating within a fatigue risk management system, planning trips and updating records, and developing and implementing policies, procedures and strategies to minimise fatigue in the workplace.

Work is performed under limited supervision generally within a team environment.

Legislative and regulatory requirements are applicable to this unit. The primary legislative requirement of this unit of competency is the Heavy Vehicle National Law (HVNL).

Being awarded this unit of competency is a necessary requirement to obtaining National Heavy Vehicle Regulator (NHVR) Fatigue Management Accreditation but is only one of the criteria. Prospective applicants should check with the NHVR before undertaking training and/or assessment.

Mode of Delivery

- ▶ Blended Learning with assessment activities conducted in the workplace

Delivery Methods

- ▶ Self-Directed Activities
- ▶ Workplace Support
- ▶ Online Instructor Led
- ▶ Classroom-based
- ▶ Learning and Assessment Support
- ▶ Workplace Application
- ▶ Assessment of Knowledge
- ▶ Assessment of Performance in the Workplace

Volume of Learning

- ▶ 4 weeks, 36 hours

Program Fees

\$699.00 per student

Collaborative Delivery

ATS Delivery Personnel

- ▶ TAE40116/TAE40122 Certificate IV in Training and Assessment
- ▶ Industry currency and ongoing professional development
